Green Pond Country Club Testimonial
Written by: Dean Young, Executive Director
Boys & Girls Club of Easton "The Positive Place."

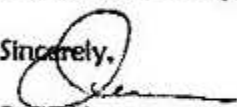

For the past 6 consecutive years the preferred choice of venue for the Boys & Girls Club of Easton's annual 'Scramble for Kids Golf Tournament' has been Green Pond Country Club. This is one of the Club's major fundraising events held each year to benefit our youth development programs.

We return year after year to Green Pond for a number of reasons; the fair yet challenging course play, the professionalism of the owners, a courteous management team, the flexibility prevalent in all aspect at Green Pond, the excellent food service and most important, because the price is right.

Lured by the challenging greens, the tight fairways with tree-lines strategically placed on nearly every hole, always well manicured and in great playing condition and the easy access that Routes 22, 33 and I-78 avail, these are just some of the many reasons that I personally take to the Pond as often as possible. For me, the Pond is just a short drive from the office which is ideal for twilight play and usually my first choice when taking to the links on weekends and during the week.

I would encourage you to visit Green Pond Country Club to see first hand what it has to offer and when you do, I'm sure as I have, you will return as often as possible to enjoy the Pond.

Sincerely,

Dean Young
Executive Director
